ABOUT ME

Great motivation,ease to learn and perfect myself as a professional. I trust my ability to produce ideas, interact fruitfully with other colleagues and work as a team. I have both telecommunications and software development knowledge,making me adaptable to various IT work areas. My main work objective is to obtain the opportunity to participate in my first job, gain experience and be an excellent contribution to the organization.I'm Argentinean/EU Citizenship, legally able to work in Spain.

WORK EXPERIENCE

Without work experience.
